RESPONSE TO ACTION UNDER EX PARTE QUAYLE

In response to the office action dated June 17, 2004, please amend the above-identified Application, without prejudice, as follows:

Amendments/Submission of Replacement Drawings to begin on page **2** of this paper and include an attached replacement sheet.

Remarks/Arguments to begin on page **3** of this paper.

In the Drawings:

As shown on the attached corrected drawing sheet for FIG. 2, the reference numeral “1” has been changed to - 10 - for the corona wire charges on transformer outputs 32, 33. Reference numerals “11” and “12” have been added to FIG. 2, as Applicants have concluded that these labels were missing on one set of primary coils. A replacement drawing sheet incorporating these changes is attached and contains no new subject matter.

Attachment: One (1) Replacement Sheet (FIG. 2).
